#### -: ANNOUNCEMENT :-

#### To Brother Breeders and Lovers of Short Horn Cattle:

Our fourth annual sale to be held in South Omaha, on June 16th, at one p. m., is an event that we want to call your especial attention to this year. We cordially invite you to come and see what we have accomplished in the way of producing a better class of cattle with each succeeding year. We feel sure that the cows and heifers to be sold and herein cataloged are individually extra good from beginning to end, and will be a credit to any herd. We believe the bulls to be a class entitled to very special mention in this announcement as they are the best lot of bulls we have ever offered for sale and feel confident that those desiring a herd bull or one for show purposes will find what they want in this offering. We are pleased to get this catalog in your hands and wish to express the hope that we will have the pleasure of meeting you sale day.

Yours truly,

H. REES & SONS.

Imp. Queen of Beauty—calved December 6, 1869, and imported in July 1871, by Shaw & Dryden of Ontario, Canada. She was bred by Amos Cruickshank of Sittyton, Scotland, and is from the same foundation as his noted Orange Blossoms. Sanders' History says: "Queen of the South was one of the greatest cows of her day in all Scotland." She was a roan of splendid flesh and substance. In a letter dated June 30, 1890, Mr. Cruickshank wrote: "Your cow, Cloudberry, belongs to one of the best (if not the best) families I ever had."

Oakwood Lavender 2d 91083—is a great breeding cow and in calf since November. Will be a valuable addition to any breeding herd.

The Lavenders—are everywhere conceded to be one of the very first of the Sittyton tribes. Their origin is the same as that of the Lancasters from which Mr. Pickerel's great bull, Imp. Baron Booth of Lancaster was bred, and many of the most valuable cattle ever brought out from Scotland have borne the Lavender name. Probably the grandest cow ever owned by Col. Harris at Linwood was Imp. Lavender 36th of this same family. One of the greatest champion show bulls of England in recent years is Count Lavender, the property of Deane Willis. As a class, the Lavenders are distinguished for their finish, flesh and quality.

Imp. Mary Ann of Lancaster 7th—was bred by N. Reid, Danestown, near Aberdeen, Scotland. Lancaster 16th was bought by Mr. Cruickshank at the Wilkinson sale in 1854. She was one of the first prize tair of cows at the Royal Northern in 1856, and for her daughter, the handsome Lancaster 25th, Mr. Barclay of Keavil gave 150 guineas. She was in calf at the time, and in April, 1862, gave birth to triplets—three heifers, two of which, Anne of Lancaster and Mary of Lancaster, won prizes at Kelso as yearlings. Mary of Lancaster subsequently became the dam of Imp. Baron Booth of Lancaster, the great show and breeding bull owned by J. H. Pickrell, that sired the first bull ever bred in Illinois to sell for \$3000.

Dale's Gift 180067—was a member of our 1914 show herd, a daughter of Whitehall Rosedale and bred in December to Ruberta's Goods should make her one of the attractions of the sale.

The Cruickshank Duchess of Gloster Family—is perhaps one of the best known families among the Cruickshank Short Horns throughout Canada and the United States. Duchess of Gloster 12th in above pedigree was imported in 1871, and she has been the foundation of a great number of Short Horns that for milking and feeding qualities can scarcely be equalled in any country. Perhaps no Scotch family has been more prolific, and, it is safe to say that none has done more good to the breed and their owners.

Sunny Maid 3d 180087—is a full sister to the bull Secret Goods that has been winning so well for Lespedeza Farms. She is safe in calf to Whitehall Rosedale.

Imp. Spleenwort—bred by Amos Cruickshank and imported by J. I. Davidson, of Ontario. She belongs to his noted Secret family and descends from Sympathy by Duke of Athol, that he bought at Mr. Tanqueray's sale at Hendon in 1855. She produced two heifers, Splendid and Splendor, by Lord Sackville. Mr. Sauders says they were a robust pair and full of substance and their descendants were retained at Sittyton. At the Wornall sale at Kansas City, March, 1901, a bull calf descended from Imp. Spleenwort, sold to Forbes & Prather of Illinois for \$800.

Ruberta's Goods 283807—was shown as a calf and was first and junior champion at Nebraska State Fair, and was champion at the American Royal the same year, an honor never awarded a bull of his age before or since. He was first and reserve champion at the International that year. He was grand champion at Lincoln as a senior yearling and first reserve junior champion at Chicago the same year. He is a bull of good scale and is very thick fleshed and his get are all possessed of the same good qualities.

MacNaughton 153343—bred by John Wilson, Lower Pirresmill, Scotland, imported in 1900; by Geo. Harding & Son. Imp. MacNaughton was at the head of the herd of A. Williams of Gilmore City, Iowa, where he did such excellent service. He was a beautiful, all red bull, of 2000 lbs. in breeding condition, with extra crops and depth of rip, he also had a beautiful head and horn. Got by Watchman 144676, out of Cleopatra 14th by Prince of Fashion 136634; Cleopatra by Star of Morning 121243.

Nonpareil D.—a very meaty, blocky little heifer and any one looking for a junior yearling to show this year should see her. She was a junior heifer calf in our 1914 show herd.

The Nonpareil family is one of those whose foundation was selected in England by Mr. Cruickshank and upon which he built the herd that was to revolutionize the breeding of Shorthorns the world over. After some years he sold some members of the family to Mr. Campbell, who used some of his best sires on them and made sales from them to his Canadian customers. They have proven of great value in helping to improve the cattle of this country, and have helped to do the work in the best herds as well as in the commercial cattle.

Ruberta's Goods 283807—was shown as a calf and was first and junior champion at Nebraska State Fair, and was champion at the American Royal the same year, an honor never awarded a bull of his age before or since. He was first and reserve champion at the International that year. He was grand champion at Lincoln as a senior year and first reserve junior champion at Chicago the same year. He is a bull of good scale and is very thick fleshed and his get are all possessed of the same good qualities.

The Cruickshank Duchess of Gloster Family—is perhaps one of the best known families among the Cruickshank Short Horns throughout Canada and the United States. Duchess of Gloster 12th in above pedigree was imported in 1871, and she has been the foundation of a great number of Short Horns that for milking and feed qualities can scarcely be equalled in any country. Perhaps no Scotch family has been more prolific, and it is safe to say that none has done more good to the breed and their owners.

Imp. Violet Bud—was bred by Amos Cruickshank, Aberdeenshire, Scotland. She was undoubtedly one of the most noted producers of the many famous Scotch cows imported. The Cruickshank Duchess of Gloster Family—is perhaps one of the best known families among the Cruickshank Short Horns throughout Canada and the United States. Duchess of Gloster 12th in above pedigree was imported in 1871, and she has been the foundation of a great number of Short Horns that for milking and feed qualities can scarcely be equalled in any country. Perhaps no Scotch family has been more prolific, and it is safe to say that none has done more good to the breed and their owners.

The Cruickshank Duchess of Gloster Family—is perhaps one of the best known families among the Cruickshank Short Horns throughout Canada and the United States. Duchess of Gloster 12th in above pedigree was imported in 1871, and she has been the foundation of a great number of Short Horns that for milking and feeding qualities can scarcely be equalled in any country. Perhaps no Scotch family has been more prolific, and, it is safe to say that none has done more good to the breed and their owners.
